Hey AJ

Apologies for the delay here. I don't have a clue here, this is the first time something like this has popped up for me. I don't really see this as an administrative issue, but I would elevate it as high as it needs to go before sending out a response.

**Subject:** FW: Letter from Community on Tidewater Virginia DEQ Air Monitoring Grant (Project Grant 96388301)

Good morning, Christian!  
I received this letter and email (below) from an environmental group with questions/concerns for the Community-Scale Air Toxic Ambient Monitoring grant (CSATAM – VADEQ – XA96388301).

In summary, the email explains that they have sent a series of questions to VADEQ regarding their grant, and work associated with the grant. No questions are directed at EPA – just an FYI that this request was sent to VADEQ.

In the email, they ask to confirm that we have received this email. Is that something we are OK to do? Or should I hold off for further instruction? And we do respond, is that something that should come from the PO or from the GS? Any insight is appreciated.

Thank you!!
